EDUCATION

Advanced Design & Technology

Buff Creative College, Chennai

2023 - 2024

Bachelor of Computer Application

Selvamm Arts and Science College

2015 - 2018

OBJECTIVE

Results-driven UI/UX Designer with 2+ years of experience delivering user-centered web and mobile application designs. Skilled in user research, interaction design, wireframing, prototyping, responsive design, usability testing, information architecture, and design systems. Experienced in designing AI-powered platforms, dashboards, SaaS products, and eLearning applications using Figma and Adobe Creative Suite.

EXPERIENCE

UX/UI Designer

Inoasis Technologies Private Limited - May 2025 - May 2026

- Design web and mobile application interfaces, create wireframes and prototypes, collaborate with developers, and improve user experience through responsive and user-centered design.

Graphic & UI/UX Designer

Elohim Software Solutions Private Limited - May 2024 - May 2025

- Designed websites, mobile applications, and dashboards, created wireframes and prototypes, developed branding materials, and improved usability through user-centered design.

PROJECTS

Quicktest.diy (Quiz-Based Learning Platform)

- Designed the end-to-end UI/UX, including user flows, wireframes, prototypes, and responsive interfaces using Figma.
- Collaborated with developers to deliver an intuitive and user-friendly learning experience.

Quizzer.ai (AI Learning Platform)

- Designed AI-powered learning workflows, dashboards, and responsive user interfaces.
- Improved usability through intuitive navigation, reusable components, and gamified user experiences.
